### **DETAILED ACTION**

1. This action is in response to applicant's amendment filed on October 27, 2004.

**Claims 2,5,9 and 10** are now pending in the present application.

### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose or render obvious, alone or in combination, claims 2,5,9 and 10. The subject claims are directed to a mobile communication system, method and program for providing contents to a mobile communication terminal.

Specifically regarding claims 2,9 and 10, the prior art of record does not teach or suggest the feature of having a plurality of gateway units, wherein each gateway unit comprise a service management information storing section, an inquiry section, a search section, a communication information transmitting section, a content request section and a content transferring section and wherein each of those sections are able to provide the features as described in the claims.

The previously applied prior art of record Linden et al. US Patent 6,549,773 in view of Uchiynma et al. US Patent 5,884,169 discloses of a mobile communication system, method and program for providing contents to a mobile communication terminal through the use of gateways. Linden in view of Uchiynma does not teach or suggest wherein each gateway unit comprise a service management information storing section, an inquiry section, a search section, a communication information transmitting section, a content request section and a content transferring section and wherein each of those section are able to provide the features as described in the claims.
